I. Executive Summary

MED-Project LLC (“MED-Project”) operates a Producer Stewardship Plan for Sharps from Households dated August 31, 2022 (“Approved Plan”) in the County of Alameda (“Jurisdiction”) under the Alameda County Safe Consumer-Generated Sharps Disposal Ordinance No. 2015-53, Alameda Municipal Code Chapters 6.54.010 – 6.54.180 (“Ordinance”). This 2024 Alameda County Sharps Annual Report (“Report”) describes MED-Project’s activities between January 1, 2024, and December 31, 2024 (“Reporting Period”). All capitalized terminology not defined in this summary is derived from the Approved Plan.

MED-Project has served the Residents of the County since 2018, including by collecting over 267,000 pounds of Sharps. MED-Project’s comprehensive outreach and education program has generated over 43 million impressions to County Residents.

A. Notifications in the Reporting Period

MED-Project submitted one notification to the Alameda County Department of Environmental Health (the “Department”) during the Reporting Period.

- MED-Project submitted a notification on December 16, 2024, of a change in the order of the Call Center/IVR script.

B. Reporting Period Operations Overview

During the Reporting Period, priority was given to establishing Sharps Kiosk Drop-Off Sites throughout the Jurisdiction, and performing outreach to eligible pharmacies, hospitals, and clinics with on-site pharmacies, and Law Enforcement Agencies (“LEAs”) throughout Alameda County. As a result of these efforts, MED-Project’s Program collected and disposed of Sharps from 64 Sharps Kiosk Drop-Off Sites, Mail-Back Services, and four Household Hazardous Waste Facilities during the Reporting Period. MED-Project installed three new kiosks during the Reporting Period.

Kiosks were installed in pharmacies that meet all local, state, and federal requirements and that executed agreements with MED-Project. In addition, outreach and educational materials, including signage and/or brochures, were distributed to new Kiosk Drop-Off Sites and select existing Kiosk Drop-Off Sites.

MED-Project provided disposal instructions to select Kiosk Drop-Off Sites and Mail-Back Services to Residents and continues to communicate with Kiosk Drop-Off Site Hosts to distribute outreach materials upon request, review procedures as needed, and improve overall Program design.

As outlined in the Approved Plan, the ultimate goal of the Program is to provide Residents with convenient, safe, and accessible methods to dispose of Sharps.

The following Sections of the Report address the specific reporting requirements in Ordinance Section 6.54.120. Each section of the Report restates the corresponding Ordinance requirement and provides the required information. Numbers in the Report have been rounded to the nearest tenth place.

II. Participating Producers

Ordinance Sec. 6.54.120.A.1: *“A list of Producers participating in the Product Stewardship Plan.”*

See Appendix A; Participating Producers.

III. Sharps Collection Method and Weight

Ordinance 6.54.120.A.2: *“The amount, by weight, of Sharps collected, including the amount by weight from each collection method used.”*

A. Kiosks

Ordinance 6.54.120.A.3: *“The weight of Sharps collected and number of pickups, and the quantity of outer containers (if applicable), for each collection site.”*

Ordinance 6.54.120.A.4: *“A list of drop-off sites”*

- MED-Project collected 59,460 pounds of Sharps through Kiosk Drop-Off Sites.
- MED-Project collected 16,286 pounds of Sharps through Household Hazardous Waste Facilities.

See Appendix B; Kiosk Drop-Off Site Locations and Collection Data

See Appendix C; Sharps Household Hazardous Waste Facilities.

B. Mail-Back Services

Ordinance 6.54.120.A.5: *“The number of mail-back containers provided to County residents, and how many were returned during the reporting period.”*

- MED-Project distributed 2,179 Sharps mail-back packages directly to Residents.
- MED-Project received 893 returned Sharps mail-back packages.
- MED-Project collected 1,863 pounds of Sharps through Mail-Back Services.

C. Take-Back Events

Ordinance 6.54.120.A.6: *“The dates and locations of collection events held, if applicable, and the quantities by weight returned at those events.”*

There were no Take-Back Events during the Reporting Period.

D. Total Weight of Collected Sharps

MED-Project collected 77,609 pounds of Sharps through all methods.

IV. Disposal and Transporter Information

Ordinance Sec. 6.54.120.A.7: *“The transporters used and disposal facility or facilities used for all Sharps.”*

A. Transporter Information

See Appendix D; Transporters.

B. Disposal Facility Information

See Appendix E; Disposal Facilities

V. Safety and Security Report

Ordinance 6.54.120.A.8: *“Whether any safety or security problems occurred during collection, transportation or disposal of Sharps during the reporting period and, if so, what changes have or will be made to policies, procedures or tracking mechanisms to alleviate the problem and to improve safety and security in the future, this portion of the report may be submitted under separate cover clearly marked ‘Safety and Security Report’.”*

There were no safety or security incidents identified during the collection, transportation or disposal of Sharps during the Reporting Period.

VI. Educational Efforts and Public Outreach

Ordinance 6.54.120.A.9: “A description of the public education, outreach and evaluation activities implemented during the reporting period.”

A. Public Education Activities

MED-Project provided a variety of public education activities during the Reporting Period, including providing disposal instructions for Sharps kiosks and Mail-Back Services, maintaining a website and toll-free number that provide information on the proper disposal of Sharps waste, collection, and disposal options available through MED-Project, and providing outreach materials. The MED-Project Website and Call Center were available in English and the Specified Languages as outlined in the plan: Spanish, Chinese, Vietnamese and Tagalog. Content on MED-Project’s Website, including downloadable promotional materials such as brochures and posters, can be translated into more than 100 languages via an integrated translation tool. Printed posters and brochures were available in English and Spanish. See Appendix F for examples of promotional materials. See Appendix G for promotional material distribution information. MED-Project Website information and statistics are provided in Appendices H and I, respectively.

B. Outreach Activities

MED-Project conducted the following outreach activities during the Reporting Period: digital display, connected TV, online video, and streaming audio advertisement campaigns, distributed signage and/or brochures, posted information on social media sites, and sent email blasts. As a part of outreach activities described above, MED-Project generated more than 2.7 million total impressions during the Reporting Period.

A list of social media and email outreach activities is provided in Appendix J. The reach and impressions for each campaign are provided in the Media Outreach Summary. See Appendix K.

C. Evaluation Activities

Consistent with the Approved Plan, MED-Project conducted the biennial survey of Residents, pharmacists, veterinarians, and health professionals in the County who interact with patients to measure Program awareness of the take-back of Sharps from households and to evaluate the effectiveness of its education and outreach activities during the Reporting Period. A total of 1,000 Residents and 200 healthcare providers in Alameda County were surveyed between April 2 and April 16, 2024. Sampling was

done at random throughout the population. Results of the survey were posted to the MED-Project Website on July 2, 2024.

The survey found that 97% of providers and 78% of Residents were aware of pharmacy drop-boxes as a way to dispose of home-generated sharps.

Among County Residents surveyed, 33% reported utilizing a drop-off location. Further, 92% of Residents found the home-generated sharps disposal programs easy to use, easy to locate, and convenient.

Of healthcare providers, 91% encouraged patients to safely store and dispose of home-generated sharps. The survey found that 92% of Alameda County providers believe the home-generated sharps disposal programs are easy to use, 86% believe they are easy to locate, and 85% feel the programs are convenient.

A total of 54% of Alameda Residents indicated they learned about the takeback program for disposal of home-generated sharps through social media platforms, with 31% of Residents indicating this was their preferred method of exposure to information about the program.

Additionally, 59% of healthcare providers learned about take-back programs for home-generated sharps through social media platforms.

MED-Project will continue to evaluate media and public outreach as well as collect feedback by surveys to identify and make adjustments and improvements to the Program. Additionally, MED-Project may revise and/or add promotional materials based on changes to the Plan, as needed.

VII. Program Goals

Ordinance 6.54.120.A.10: “A summary of the Product Stewardship Plan’s goals, the degree of success in meeting those goals in the past year, and, if any goals have not been met, what effort will be made to achieve the goals in the next year.”

Summary of Product Stewardship Plan’s Goals

As discussed in Section V.A.2 of the Approved Plan, MED-Project performed against the following long term goal during the Reporting Period, by operating 55 Kiosk Drop-Off Sites.

MED-Project exceeded the long-term goal to have 55 Kiosk Drop-Off Sites during the Reporting Period by operating 64 active Kiosk Drop-Off Sites, with at least two Kiosk Drop-Off Sites in each district. Refer to Section III of this Report for specific information. Figure 1 shows a graphical representation of how MED-Project provided reasonably

convenient and equitable access for all county Residents in each supervisorial district during the Reporting Period.

MED-Project continued collector outreach by sending 311 letters to potential Sharps Kiosk Drop-Off Sites. MED-Project sought to include in the Program eligible sites that responded to the letter.

MED-Project maintained a toll-free number for a Call Center and the MED-Project Website to provide information to Residents, as well as provided information through social media postings.

VIII. Expenditures

Ordinance 6.54.120.A.11: “The total expenditures of the Product Stewardship Plan during the reporting period.”

The total Program expenditures for the Reporting period were \$329,769.74¹.

¹ Final total Program Expenses are pending 2024 audited financials

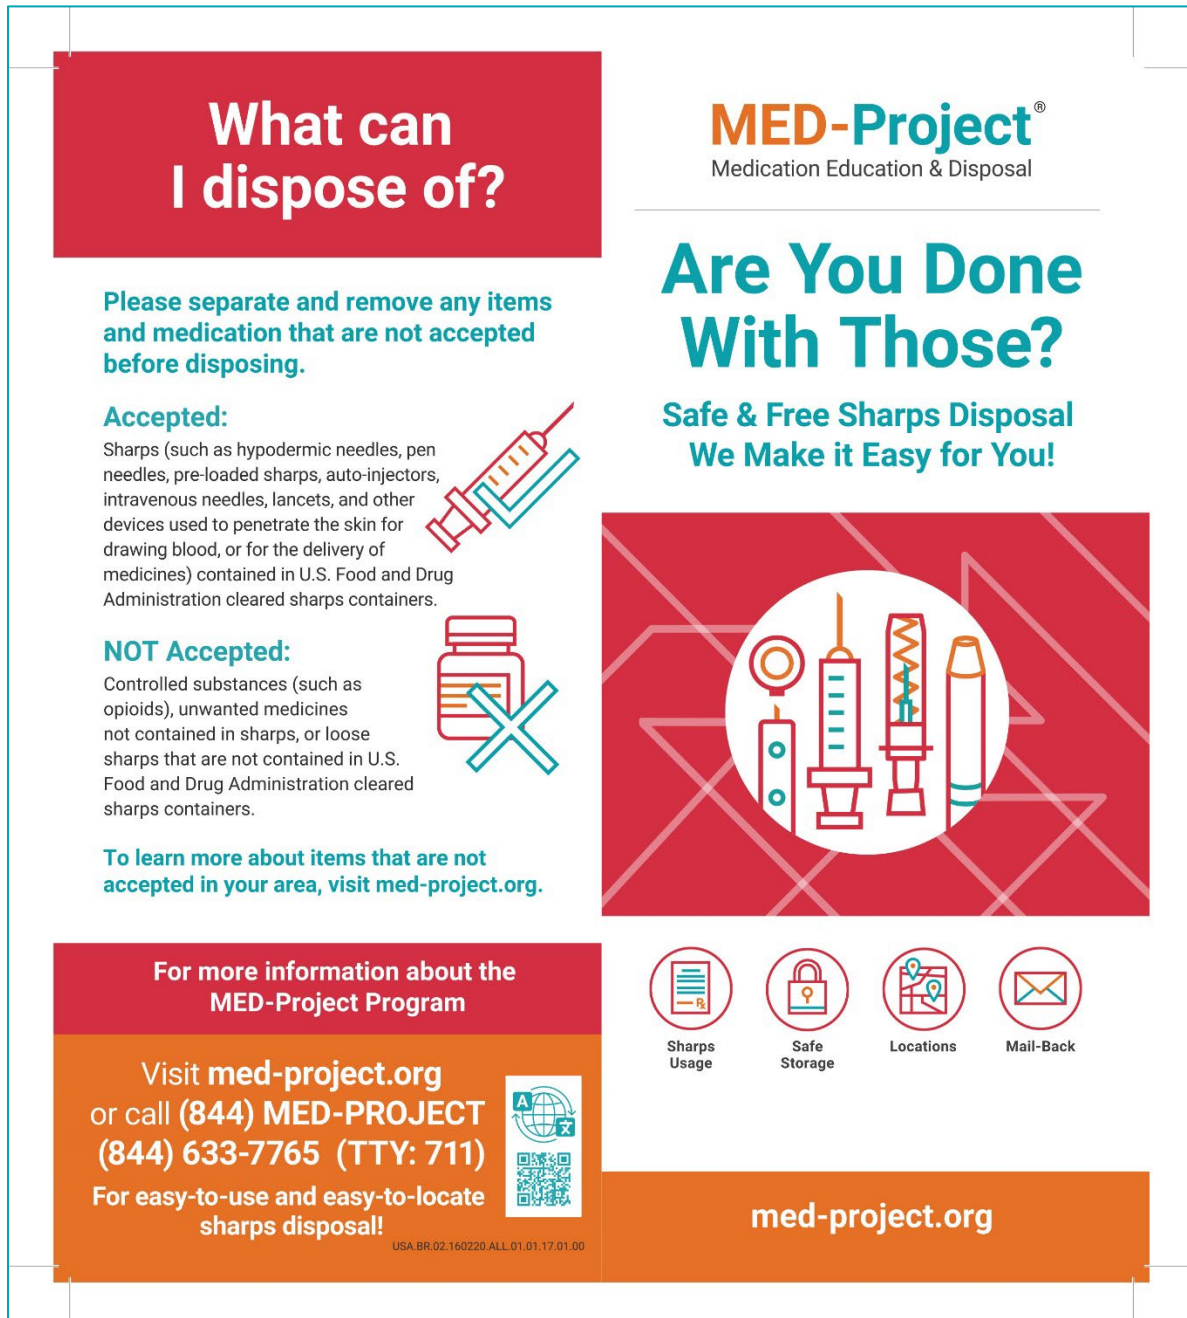

Figure 2: MED-Project Brochure Front (English)

What should you do with your unwanted sharps?

Sharps is a medical term for devices with sharp points or edges that can puncture or cut skin such as lancets, needles, syringes, auto-injectors, and other devices used for injection. They may be used at home, at work, and while traveling to manage the medical conditions of people or their pets, including allergies, arthritis, cancer, diabetes, hepatitis, HIV/AIDS, infertility, migraines, multiple sclerosis, osteoporosis, blood clotting disorders, and psoriasis.

MED-Project programs and services make it safe, free, and convenient for you to dispose of sharps.

Use as Directed

If there are any specific instructions on the label, package, or package insert, please follow those. If you have questions about your medication or health, please contact your healthcare provider.

Store Securely

Place all sharps in a sharps disposal container immediately after they have been used. This will reduce the risk of needle sticks, cuts and punctures from sharps. Sharps disposal containers should be kept out of reach of children and pets.

Dispose Safely

DO NOT place loose sharps in the trash and never place sharps in recycling. Drop off or mail-back your unwanted sharps in a sharps container for safe disposal.

Never dispose of sharps down the sink or toilet. Doing so may put waste management and sewage workers, custodians, housekeepers, household members, and children at risk of being harmed.

Disposal of Household Sharps

MED-Project provides safe, free, and convenient disposal options for unwanted sharps in your community. Simply use one of our easy-to-locate drop boxes or submit an order for a pre-paid mail-back package for proper disposal.

All sharps disposal containers should be made of heavy-duty plastic; able to close with a tight-fitting, puncture-resistant lid without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as "sharps waste" or with the biohazard symbol and the word "BIOHAZARD" to warn of hazardous materials inside the container.

Do Not Reuse Sharps Disposal Containers.

Drop Box

Conveniently located drop boxes are available in your area where you can deposit filled Sharps disposal containers. To find a drop box near you, visit the Find a Location section of med-project.org.

Mail-Back

Mail-back packages are available in your area. All sharps mail-back packages include a sharps disposal container and are pre-addressed with postage pre-paid. To order a mail-back package, visit the Mail-Back section of med-project.org.

To find out more about the disposal options in your area, visit med-project.org.

¿Qué puedo eliminar?

Separe y desmonte cualquier artículo no aceptado antes de eliminarlo.

Aceptado:

objetos punzantes (como agujas hipodérmicas, plumas de insulina, objetos punzantes precargados, autoinyectores, agujas intravenosas, lancetas y otros dispositivos utilizados para penetrar la piel para extraer sangre o para administrar medicamentos) que se encuentran en contenedores para objetos punzantes autorizados por la Administración de Alimentos y Medicamentos de EE. UU.

NO aceptado:

sustancias controladas, medicamentos no deseados que no se encuentran dentro de objetos punzantes y objetos punzantes sueltos que no están contenidos en contenedores para objetos punzantes autorizados por la Administración de Alimentos y Medicamentos de EE. UU.

Para obtener más información sobre artículos que no se aceptan en su área, visite med-project.org.

Si desea obtener más información acerca del programa MED-Project

visite med-project.org
o llame al (844) MED-PROJECT
o al 844-633-7765 (TTY: 711).
¡Para una eliminación de objetos punzantes fácil de usar y fácil de localizar!

¿Qué se debe hacer con los objetos punzantes no deseados?

El término médico «objetos punzantes» hace referencia a dispositivos con puntas o bordes afilados que pueden perforar o cortar la piel, como lancetas, agujas, jeringas, autoinyectores y otros dispositivos inyectables. Se pueden usar en el hogar, en el trabajo y mientras viaja para controlar las afecciones médicas de las personas o sus mascotas, incluidas las alergias, la artritis, el cáncer, la diabetes, la hepatitis, el VIH/SIDA, la infertilidad, las migrañas, la esclerosis múltiple, la osteoporosis, los trastornos de coagulación sanguínea y la psoriasis.

Los programas y servicios de MED-Project hacen que la eliminación de objetos punzantes sea segura, gratuita y conveniente para usted.

Utilice según las indicaciones:

si hay instrucciones específicas en la etiqueta, el envase o el prospecto, sígalas. Si tiene preguntas sobre sus medicamentos o su salud, comuníquese con su proveedor de atención médica.

Almacenamiento protegido:

coloque todos los objetos punzantes en un contenedor para eliminación de objetos punzantes inmediatamente después de que se hayan utilizado. Esto reducirá el riesgo de pinchaduras con agujas, cortes y pinchazos con objetos punzantes. Los recipientes para eliminar objetos punzantes deben mantenerse fuera del alcance de los niños y las mascotas.

Eliminación segura:

NO coloque objetos punzantes sueltos en la basura y nunca los coloque en el reciclaje. Deposite o devuelva por correo los objetos punzantes no deseados en un contenedor para objetos punzantes para su eliminación segura.

Nunca elimine los objetos punzantes en el lavabo o el inodoro. Si lo hace, puede poner en riesgo a los trabajadores de basura y alcantarillado, los custodios, las amas de casa, los miembros del hogar y los niños.

Eliminación de objetos punzantes domésticos

MED-Project ofrece opciones de eliminación seguras, gratuitas y convenientes para objetos punzantes no deseados en su comunidad. Simplemente use uno de nuestros buzones fáciles de ubicar o envíe un pedido de un paquete prepago de devolución por correo para su correcta eliminación.

Todos los contenedores para desechar objetos punzantes deben estar hechos de plástico resistente, capaz de cerrarse con una tapa hermética resistente a pinchazos para evitar que los objetos punzantes puedan salir, vertical y estable durante el uso, resistente a fugas y debidamente etiquetados como «desecho de objetos punzantes» o con el símbolo de riesgo biológico y la palabra «PELIGRO BIOLÓGICO» para advertir sobre materiales peligrosos dentro del contenedor.

No reutilice los contenedores para eliminar objetos punzantes.

Buzón:

buzones bien ubicados disponibles en su área, donde puede depositar contenedores para eliminar objetos punzantes llenos. Para encontrar un buzón cercano, visite la sección Buscar una ubicación de med-project.org.

Devolución por correo:

los paquetes de devolución por correo están disponibles en su área. Todos los paquetes de devolución por correo de objetos punzantes incluyen un contenedor para desechar objetos punzantes y tienen una dirección y un franqueo prepago. Para solicitar un paquete de devolución por correo, visite la sección de Devolución por correo de med-project.org.

Para obtener más información sobre las opciones de eliminación cercanas, visite la sección Buscar una ubicación de med-project.org.

What Can I Dispose Of?

Below are general guidelines for the products that will and will not be accepted in drop boxes.

Medicine

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicine.

Residents may also go to selected locations to request a Mail-Back Package for expired or unwanted medicine.

Accepted
Medications in any dosage form, except for those listed below, in their original container or sealed bag are accepted.

Not Accepted

- Herbal remedies
- Vitamins
- Supplements
- Cosmetics
- Other personal care products

- Empty medical devices
- Batteries
- Mercury-containing thermometers
- Sharps
- Illicit drugs

If transferring medications to a sealed bag, please be sure to recycle remaining packaging.

Do not place medicine in the trash or recycling, and never flush them down the toilet.

Please dispose of any items on the NOT ACCEPTED list at your local Hazardous Waste Facility. Call 1 (800) 606-6606 or visit [Household-HazWaste.org](#) for details.

Sharps

Accepted
Sharps (such as hypodermic needles, pen needles, pre-loaded sharps, auto-injectors, intravenous needles, lancets, and other devices used to penetrate the skin for drawing blood, or for the delivery of medicines) contained in U.S. Food and Drug Administration-cleared sharps containers.

Not Accepted

- Controlled substances (such as opioids)
- Unwanted medicines not contained in sharps
- Loose sharps that are not contained in U.S. Food and Drug Administration-cleared sharps containers

All sharps disposal containers should be made of heavy-duty plastic; able to close with a tight-fitting, puncture resistant lid without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as "sharps waste" or with the biohazard symbol and the word "BIOHAZARD" to warn of hazardous materials inside the container.

Learn

Outreach and Education

Part of MED-Project's mission is to reach out to the local community and educate residents about the proper disposal of unwanted household medication and sharps.

Medicine helps treat disease, manage chronic conditions, and improve health and well-being for millions of Americans.

Take medication as directed by your health care provider and as indicated on the label or packaging, then store it securely, and dispose of it safely, to prevent accidental ingestion or misuse by others, including children and pets. Always be sure to store sharps securely to prevent accidental sticks or misuse by others, and dispose of sharps safely.

MED-Project's disposal services for your unwanted household medication or sharps are safe, convenient, and free.

Frequently Asked Questions

?

General Questions

What is MED-Project?

What should I do if I am having a medical emergency?

What should I do if I think I have ingested something poisonous?

What should I do if my pet has ingested medication?

What should I do if I think I or someone in my household has been stuck by a used sharp?

Where can I find information about California's Prop 65?

Where are the MED-Project disposal locations nearest me?

Medicine and Sharps Program Questions

Whom should I call with a question about my medication or sharps?

Where can I find information about the safe storage of medication or sharps?

How do I dispose of my expired or unwanted medicine or sharps?

Should I remove my personal information before disposing of my medication or sharps?

Will it cost me anything to dispose of my medication or sharps?

Can I flush my medication or sharps down the toilet?

What items can I dispose of in a MED-Project drop box?

Where else can I find information about the safe disposal of unwanted household medication or sharps?

What is recommended for safe disposal of expired or unwanted household medication and/or sharps in Alameda County?

I have a question not answered by this website. Is there someone I can contact with a question about MED-Project?

Where can I find more information on the Alameda County Safe Drug Disposal Ordinance?
