The Alameda County Department of Environmental Health, Solid/Medical Waste Management, the Local Enforcement Agency (LEA) for the Department of Resources Recycling and Recovery (CalRecycle), received an application for a proposed revised Compostable Materials Handling Facility (CMHF) Permit (Solid Waste Facility Permit - SWFP) for Altamont Landfill and Resource Recovery Facility (ALRRF) on January 27, 2024. The LEA deemed the application complete and correct on February 26, 2024. This informational meeting is for all interested parties to ask questions and provide comments on the new proposed SWFP. Comments and questions may be submitted prior to the meeting, directly to Mr. Ryan Hammon by postal mail, email, or fax. Comments and questions are also welcomed at the public informational meeting. The meeting is strictly informational and no official decision will be made at the meeting regarding the formal determination on the CMHF permit application.

Project Description:
Altamont Landfill and Resource Recovery Facility, Compostable Materials Handling Facility is proposing a permit revision to the existing SWFP. The application package submitted by ALRRF to apply for a revised SWFP proposes the following changes:
The revised permit will allow an increase of incoming material tonnage from 500 tons per day (tpd) to 750 tpd (not to exceed 156,000 tons total per year – no change from previous permit).

The new permit will include an increase in the Solid Waste Facility Boundary from 60.5 acres to 66.2 acres.

The new Report of Composting Site Information (RCSI) will include the installation of a depackaging machine, to allow the Facility to more efficiently separate food waste from its associated packaging.

Proposed Compostable Materials Handling Facility Permit conditions include the following:

- A permit will be issued for the compost facility separate from the landfill operations;
- Use of Covered Aerated Static Pile (CASP) technology to receive, process and compost with a daily limit of 750 tons of materials such as: green materials, clean dimensional lumber, agricultural materials (e.g. grape pomace & animal manure), residential & commercial food waste, mixed solid waste – organics diverted from Municipal Solid Waste (MSW), and digestate from anaerobic organics operations at the facility.
- Allow 83 vehicle trips per day.
- Hours of Operation: Public Hours: Monday – Friday, 6 a.m. to 4 p.m; Commercial Haulers: Monday – Sunday, 24 hours; Ancillary Operations/Facility Operating Hours: Monday – Sunday, 24 hours; Closed to Public: New Year’s Day, Thanksgiving Day, and Christmas Day.
- Process feedstock materials within 72 hours from receipt.

**Purpose of the Meeting:**
This Public Informational Meeting is for any interested parties to learn more about the revised proposed SWFP and to provide comments on the LEA’s proposed action for a revised SWFP. The decision to issue or not to issue the revised proposed SWFP must be made by the LEA within 120 days of the date the application was deemed complete as required by Statute (PRC Section 44008). Prior to the issuance of the SWFP, the LEA must request and receive concurrence from CalRecycle. If you wish to be notified of the CalRecycle meeting at which it will consider whether to concur in the LEA’s proposed SWFP, please notify the LEA in writing no later than March 18, 2024.

**For Additional Information:**
Additional information about the application is available for public review during regular business hours (8:30 a.m. to 5:00 p.m.) at the Alameda County Department of Environmental Health located at 1131 Harbor Bay Parkway, Alameda, CA 94502. To review a copy of the application and supporting documents, please contact the LEA: Ryan Hammon (ryan.hammon@acgov.org).

**Written Comments and Availability of Appeals:**
Written comments may be submitted to the LEA as provided above. Any appeal will be processed in accordance with and pursuant to Public Resource Code (PRC) Sections 44307 and 44310. Appeals can only be made after the decision to issue or deny the permit has occurred. For additional information, you may contact the LEA or review regulations online at [http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=PRC&sectionNum=44307](http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=PRC&sectionNum=44307) and [http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=PRC&sectionNum=44310](http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=PRC&sectionNum=44310).

This public notice was prepared pursuant to Title 27, California Code of Regulations (27CCR), Section 21660.3.

**Special Needs:**
This information will be made available in alternative formats upon request. To request an agenda in an alternative format or to request translation services during the meeting, please contact Alameda County LEA at least five (5) working days prior to the meeting to ensure availability.
