# 1. EXECUTIVE SUMMARY

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A. and B.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports C.i.*

Alameda County Safe Drug Disposal Ordinance (“Ordinance”) Section 6.53.080 and Alameda County Safe Drug Disposal Regulations (“Regulations”) Section 15 requires MED-Project LLC (“MED-Project”) to prepare and submit an annual written report describing activities between January 1, 2018 and December 31, 2018. MED-Project submits this 2018 Alameda County, California MED-Project Annual Report (“Report”) on behalf of its participating producers and in compliance with the Ordinance and Regulations.

The Alameda MED-Project Product Stewardship Plan (“Plan”) was approved by the Alameda County, Department of Environmental Health (“Alameda County DEH”) on February 25, 2015. In keeping with the Plan, MED-Project is implementing the Product Stewardship Program (“Program”) in phases. During 2018, priority was given to establishing additional kiosk drop-off sites throughout Alameda County (“County”), conducting take-back events in alignment with approved Plan goals, and performing outreach to eligible pharmacies and Law Enforcement Agencies (“LEAs”) throughout the County. As a result of these efforts, MED-Project’s Program collected and disposed of Unwanted Medicine from seventy (70) kiosk drop-off sites (seventy-one (71) kiosks) and twelve (12) take-back events in 2018.

Kiosks were activated in pharmacies and LEAs that meet all local, state, and federal requirements and that executed agreements with MED-Project prior to kiosk installation and activation. In addition, outreach and educational materials were distributed to all interested and participating sites, including signage and/or brochures.

As outlined in the approved Plan, the ultimate goal of the Program is to provide County residents with convenient, safe, and accessible methods to dispose of Unwanted Medicine. MED-Project anticipates a steady increase in kiosk drop-off sites throughout 2019 as a result of Program activities in 2018. MED-Project continues to communicate with kiosk drop-off site hosts to distribute outreach materials, review procedures as needed, and improve overall Program design.

MED-Project submitted revision requests and a revised plan in 2018 to address both improvements in collection efforts and changes in program implementation, such as changes to kiosk signage to address the California Board of Pharmacy Prescription Drug Take-Back Services Regulations, Cal. Code Regs. tit. 16, §§ 1776 et seq. (2017) (the “Board of Pharmacy Regulations”)<sup>1</sup>.

---

<sup>1</sup> Revisions to the Updated Plan were submitted on February 15, 2019.

## 2. REPORTING ON 2018 GOALS

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.8. and A.9.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports C.ii.*

### 2.1. Collection Goals

Long-term collection goals, as outlined in the approved Plan, include the expansion of kiosk placement to additional eligible LEAs and pharmacies with a goal of establishing up to one hundred (100) kiosk drop-off sites, assuming viable locations are available. Program goals set an ongoing target of twelve (12) take-back events per year. MED-Project held twelve (12) take-back events in 2018.

In 2018, law enforcement oversight of events was performed by the Alameda County Sheriff’s Office (“ACSO”) for all twelve (12) of the events. See Table 1 for more details.

#	TYPE	DATE	EVENT NAME	CITY
1	Festival	01/27/2018	Highland Hospital	Oakland
2	Festival	04/21/2018	San Lorenzo Earth Day	San Lorenzo
3	Festival	04/21/2018	Washington Hospital Health System	Fremont
4	HHW	04/22/2018	Pleasanton Fairgrounds	Pleasanton
5	HHW	05/06/2018	San Leandro Public Works	San Leandro
6	HHW	05/20/2018	Alameda Naval Base	Oakland
7	HHW	06/24/2018	Golden Gate Fields	Berkeley
8	HHW	07/15/2018	Oakland Coliseum	Oakland
9	HHW	08/04/2018	Canyon Middle School	Castro Valley
10	Festival	09/13/2018	Healthy Living Festival at Oakland Zoo	Oakland
11	Festival	09/29/2018	Sunol Clean-Up Day	Sunol
12	HHW	10/07/2018	Golden Gate Fields	Berkeley

**Table 1: Take-Back Day Events in 2018**

MED-Project plans to conduct up to twelve (12) take-back events in 2019 by collaborating with Alameda County Household Hazardous Waste (“HHW”) drive-through events and LEAs. For more information about this effort, please see Section 3.

In 2018, agreements to host kiosk collection services were executed with two (2) LEAs, thirty-three (33) pharmacies, and three (3) healthcare organizations, consisting of a total of thirty-eight (38) kiosk drop-off sites. Kiosks were subsequently installed in thirty-eight (38) sites and became available to the public, providing a total of seventy (70) active kiosk-drop off sites (seventy-one (71) kiosks) in 2018. See Table 2 for more details.

**Table 2: Active Kiosk Drop-Off Sites in 2018**

MED-Project intends to increase the number of active kiosk drop-off sites in 2019 by continuing to work with eligible LEAs and pharmacies that express interest in participating in the Program. Although MED-Project has not established up to one hundred (100) kiosk drop-off sites, it anticipates adding new kiosk drop-off sites in 2019 as more options for collection services are incorporated into the approved Plan and Program. For more information about this effort, please see Section 3 and Appendix A.

## 2.2. Education and Public Outreach Goals

MED-Project conducted twelve (12) take-back events, performed installations at thirty-eight (38) kiosk drop-off sites, performed print advertisements, and distributed materials, including brochures and posters, to all seventy (70) active kiosk drop-off sites in 2018. The toll-free number for the call center continues to be available in both English and Spanish. The MED-Project call center was converted to a 24-hours-per-day by seven-day-per-week (24 by 7) schedule in 2018 to accommodate for calls from residents during non-business hours.

In an effort to increase website visits, MED-Project continued outreach in 2018 through social media websites such as Twitter and Facebook. Brochures and materials were distributed to nearby pharmacies, LEAs, clinics, hospitals, and community groups, and other media outlets were contacted to increase outreach prior to events. Website statistics for 2018 can be viewed in Table 3.

**Table 3: Number of Unique Web Page Visits During 2018**

The MED-Project website is regularly updated to ensure alignment with Program activities. The website provides contact information that County residents, kiosk drop-off site hosts, and community agencies can use to obtain Program information.

Information regarding kiosk drop-off sites is available in both map and list formats at <http://www.med-project.org/locations/alameda/kiosks>. Take-back events are listed at <http://www.med-project.org/locations/alameda/events>.

The Plan's long-term education and public outreach goals provide that MED-Project may revise and/or add communication materials based on changes to the Plan, and that MED-Project will review media and public outreach and collect feedback to improve operations. The methodology employed by MED-Project utilizes qualitative and quantitative techniques to evaluate outreach and promotional activities, including unstructured interviews, data collection at take-back events, and website statistics. MED-Project is also incorporating information collected, best practices, and lessons learned from other jurisdictions to improve its Program.

MED-Project performed unstructured interviews of residents, potential and existing kiosk drop-off site hosts, stakeholders, health systems, and local agencies in various settings. The purpose of these interviews was to elicit feedback regarding Program awareness and activities. Information was gathered during take-back events, site visits, and regularly scheduled meetings.

Data collection was performed during and after take-back events to capture attendance, collection, transport, and Unwanted Medicine disposal statistics. Website visits were increased compared to the previous calendar year.

Through its data collection, MED-Project learned that events held in combination with the County's HHW events showed increased consumer participation as compared to events hosted at fairs or festivals. While MED-Project advertised its events extensively on social media and the MED-Project website, consumer participation at events was highest when held in combination with HHW events. Events at fairs and festivals collected fewer than 63 pounds of Unwanted Medicine per event on average, while events that were promoted jointly with HHW collected more than 333 pounds of Unwanted Medicine per event on average.

As a result of these lessons learned, MED-Project may be able to improve collections at 2019 events by focusing mainly on conducting events in conjunction with planned HHW events. MED-Project is working in collaboration with Alameda County DEH to explore conducting Unwanted Medicine take-back events at all Alameda County HHW events in 2019. MED-Project provides media release templates to host sites, which enable sites to promote events in combination with MED-Project's efforts.

Regarding kiosk drop-off sites, MED-Project will continue to publicize these locations in 2019, and will provide each site with posters, brochures, and media release templates. Upon activation, all existing and new kiosk drop-off sites are promoted on social media and the MED-Project website. Fliers for residents are also produced to increase public awareness.

Efforts to recruit additional health systems and chain pharmacy kiosk drop-off sites in 2019 may also increase awareness and allow MED-Project to implement numerous additional kiosk drop-off sites throughout Alameda County.

MED-Project continues to increase awareness of its Program in Alameda County and to recruit additional kiosk drop-off sites by performing site visits and distributing outreach materials to potential kiosk drop-off sites. MED-Project is also distributing materials to health associations, systems, and organizations, as described in Appendix E of the approved Plan.

For more information regarding outreach activities in 2018, please see Appendix C.

### 2.3. Take-Back Events

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.2.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports D.ii.*

Over 2,643 pounds of Unwanted Medicine were collected at the 2018 events and subsequently incinerated. MED-Project collaborated with ACSO and held events at twelve (12) different venues. Seven (7) of the events were in collaboration with County HHW drive-through events, and five (5) of the events were conducted at festivals or fairs.

For more information regarding take-back events conducted by MED-Project in 2018, please see Tables 1 and 4.

## 2.4. The Collection System

### *Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.3.*

The MED-Project safe drug disposal collection system places emphasis on kiosk drop-off sites at LEAs and pharmacies to best serve County residents. In 2018, additional kiosks were installed and became available to the public at thirty-eight (38) locations throughout the County, providing a total of seventy (70) kiosk drop-off sites and seventy-one (71) kiosks available to County residents. Please see Figure 1 and Table 2 for more information regarding active kiosk drop-off site locations in Alameda County in 2018.

**Figure 1: Map of Active Kiosk Drop-Off Sites in Alameda County as of 2018<sup>3</sup>**

<sup>3</sup> <http://med-project.org/locations/alameda/kiosks>

# SAFELY DISPOSE OF UNWANTED & EXPIRED MEDICINES

**1** Cross out or remove personal identifying information from the medicine bottle.

OR

**2** Leave the product in its original container or place solid medicines in a sealed plastic bag.

*If transferring medications to a sealed bag, please be sure to recycle all remaining packaging.*

**3** Put medicine in the kiosk.

**ACCEPTED:** MEDICATIONS IN ANY DOSAGE FORM, EXCEPT FOR THOSE LISTED BELOW, IN THEIR ORIGINAL CONTAINER OR SEALED BAG.

**NOT ACCEPTED:** HERBAL REMEDIES, VITAMINS, SUPPLEMENTS, COSMETICS, OTHER PERSONAL CARE PRODUCTS, COMPRESSED CYLINDERS, AEROSOLS, INHALERS, MEDICAL DEVICES, SHARPS, ILLICIT DRUGS, IODINE-CONTAINING MEDICATIONS.

**ONLY SCHEDULE II-V CONTROLLED AND NON-CONTROLLED SUBSTANCES THAT ARE LAWFULLY POSSESSED BY THE ULTIMATE USER ARE ACCEPTABLE TO BE PLACED IN THE KIOSK. SCHEDULE I CONTROLLED SUBSTANCES, ILLICIT OR DANGEROUS SUBSTANCES, AND ANY CONTROLLED SUBSTANCES NOT LAWFULLY POSSESSED BY THE ULTIMATE USER MAY NOT BE PLACED IN THE KIOSK.**

**PROP 65 WARNING:** *Entering this area, or coming into contact with items or materials in this kiosk, may expose you to chemicals known to the State of California to cause cancer, birth defects, reproductive toxicity and/or other reproductive harm.*

For more information about the MED-Project program, please go to [www.med-project.org](http://www.med-project.org) or call 1-844-MED-Proj.

**Table 5: Agreements Under Review by Pharmacies in Alameda County**

### 3. 2019 GOALS

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports C.iii.*

#### 3.1. Take-Back Events

MED-Project is working closely with Alameda County DEH to continue to conduct take-back events in collaboration with HHW drive-through events throughout the County in 2019. In addition, MED-Project will respond to requests to conduct take-back events in collaboration with LEAs, upon request. Take-back event services agreements will continue to be issued to LEAs that are interested in overseeing take-back events.

#### 3.2. Kiosk Drop-Off Sites

MED-Project continues to work closely with LEAs, pharmacies, and hospitals/clinics with on-site pharmacies that are interested in becoming kiosk drop-off sites. Agreements have been distributed to ten (10) pharmacies for review. See Table 5 for more information. MED-Project continues to schedule kiosk installation and activation at eligible sites with executed agreements, with the goal of establishing up to 100 kiosks in Alameda County. Pharmacies that are targeted as potential kiosk drop-off sites via outreach through periodic calls, emails, and site visits, as are listed in Appendix A.

#### 3.3. Education and Public Outreach

MED-Project supports kiosk drop-off sites with printed materials, including brochures and posters, as well as posted information on the website.

Outreach materials, including brochures and fact sheets, will continue to be provided to sites interested in participating in the Program, as well as selected organizations, in order to further educate the community and pursue kiosk placement at eligible locations.

Examples of organizations in Alameda County are below.

**Health Systems:**

Alameda Health System  
Alta Bates Summit Health Care  
Children’s Hospital and Research Center  
Eden Township Healthcare District  
Fremont Hospital  
Kaiser Permanente  
St. Rose Hospital  
Sutter Health  
Valley Care Health System  
Washington Hospital Healthcare System

**Health Associations:**

Alameda County Pharmacy Association  
California State Board of Pharmacy  
California Board of Registered Nursing  
California Board of Vocational Nursing  
California Department of Health Care Services  
California Health and Human Services Agency  
The Medical Board of California

**Organizations, Districts, and Agencies:**

Alameda County Public Health Department  
Alameda County Social Services Agency  
CalRecycle  
Municipal Utilities Districts  
School Districts  
Sunol Citizen’s and Advisory Council  
Water Quality and Water Agencies

Social media websites for MED-Project, including Facebook and Twitter, will continue to post news and events for Alameda County residents. Events and kiosk information will also be posted to the MED-Project website as they are confirmed and available to the public. MED-Project will run three campaigns throughout 2019 on multiple media platforms including print, radio, television and social media platforms, to further increase awareness of its Program.

In an effort to increase awareness of its Program and further evaluate effectiveness, MED-Project also proposes to conduct a biennial survey of residents and health care providers in the County, in conjunction with the survey conducted under MED-project’s stewardship program for the collection of sharps from households, in the revisions to the Updated Plan submitted to Alameda County DEH for review on February 15, 2019 (“Updated Plan”).

The MED-Project call center was converted to a 24-by-7 schedule in 2018, and MED-Project proposes to add Chinese, Vietnamese, and Tagalog support to the call center, as well as other outreach and education materials, to increase services to Residents, in the Updated Plan.

#### **4. COLLECTION PRACTICES**

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.5.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports C.iv.*

MED-Project provided County residents a combination of take-back events and kiosk drop-off sites for the collection of Unwanted Medicine in 2018. Policies and procedures for collecting, transporting, and disposing of Unwanted Medicine, as described in the approved Plan, were followed during the reporting period, with exceptions as described below and in Appendix D.

Take-back events were conducted from January through October with events hosted at 11 separate venues. Over 2,643 pounds in total were collected during 2018, with an average of approximately 220 pounds collected per event. Oversight was performed by ACSO at all events in 2018.

MED-Project submitted requests for exceptions to utilize common carrier for the transportation and disposal of Unwanted Medicine, which were granted by Alameda County DEH. Take-back events in 2018 utilized common carrier transport and were disposed of at Heritage Thermal Services in Ohio.

Kiosk services agreements were executed with a total of two (2) LEAs and thirty-three (33) pharmacies and three (3) healthcare organizations, representing a total of thirty-eight (38) kiosk drop-off sites. Kiosk drop-off sites were implemented at LEAs and pharmacies in 2018 with a total of thirty-nine (39) kiosk installations (one site has two (2) kiosks) and activations at two (2) LEAs and thirty-six (36) pharmacies and/or hospitals/clinics with an onsite pharmacy.

As reported in the 2017 MED-Project Alameda County, California Annual Report, based upon the potential for loose Unwanted Medicine to accumulate in the drop-slot, MED-Project worked with the kiosk vendor to design a retrofit for the drop-slot chute. MED-Project completed the retrofit for all kiosks placed under the Plan in Alameda County on March 1st, 2018. A total of thirty-two (32) drop-slot chute retrofits were performed. All new kiosk installations were equipped with this retrofit.

MED-Project continues to capture data from take-back events and kiosk drop-off sites to evaluate performance on a routine basis.

## 5. EDUCATIONAL EFFORTS AND PUBLIC OUTREACH

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.7.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports C.v.*

MED-Project uses a combination of printed materials, online media outlets, public service announcements, and other methods, such as the call center, to increase awareness of the Program, and to educate County residents about safe and available methods for disposal of Unwanted Medicine. In 2018, brochures (Figure 6) and posters were distributed to all active kiosk drop-off sites (Table 2), to ensure materials and information are available for residents.

A primary objective of outreach efforts in 2018 was to raise awareness of the Program. Materials will continue to be distributed to active kiosk drop-off sites, community organizations, agencies, associations, and health systems to increase awareness and recruit additional sites for potential kiosk placement.

In 2017, MED-Project selected a vendor to produce a 30-second animation that is now utilized as a Public Service Announcement for residents regarding safe and secure methods of disposal of Unwanted Medicine. MED-Project continues to utilize the animation video on social media websites and other media platforms, such as television. See Appendix C for more information regarding outreach activities in 2018.

# MEDICATION EDUCATION & DISPOSAL

# MEDICATION EDUCATION & DISPOSAL

What should you do with your expired or unwanted medicines?

There are a number of ways to dispose of expired or unwanted medicines:

CHECK THE PACKAGE

TAKE-BACK EVENTS

CONVENIENT KIOSKS

IN-HOME DISPOSAL

Medicines help treat diseases, manage chronic conditions and improve health and well-being for millions of Americans. It's vitally important that patients take their medicines as prescribed by their health care provider and as indicated on the label or packaging. It's also important to be sure to store medications securely to prevent accidental ingestion or misuse by others in your household, especially children.

If you have expired or unwanted medication, proper disposal is easy. To protect your privacy, consumers are reminded to remove all personally identifiable information on prescription labels or materials before using any of the following disposal options. (Source: U.S. Food and Drug Administration)

For more information about the MED-Project program, please go to [www.med-project.org](http://www.med-project.org) or call 1-844-MED-PROJ.

**MED-Project**  
Medication Education & Disposal

## CHECK THE PACKAGE

If there are specific instructions for disposal on the label, package or insert, please follow those instructions. Do not flush drugs down the toilet unless specifically instructed to do so.

## TAKE-BACK EVENTS

Local take-back events offer residents a free and convenient way to dispose of expired or unwanted medicines. Visit the Take-Back Events section of [www.med-project.org](http://www.med-project.org) for information on events in your area.

## CONVENIENT KIOSKS

Community drug take-back locations allow residents to bring expired or unwanted medicines to a convenient, centralized location for proper disposal. Visit the Convenient Kiosks section of [www.med-project.org](http://www.med-project.org) to find disposal kiosks in your area.

## IN-HOME DISPOSAL

If no disposal instructions are given on the prescription drug labeling and no take-back program is available in your area, throw the drugs in the household trash following these steps.

1. Remove them from their original containers and mix them with an undesirable substance, such as used coffee grounds or kitty litter (this makes the drug less appealing to children and pets, and unrecognizable to people who may intentionally go through the trash seeking drugs). 2. Place the mixture in a sealable bag, empty can, or other container to prevent the drug from leaking or breaking out of a garbage bag.

## CONTACT

If you are experiencing a medical emergency, please hang up and dial 911. If you are experiencing a non-emergency but suspect that you or a family member has ingested something poisonous, please call Poison Control at 1 800-222-1222. If you have questions about your medication, please dial your health care provider.

For answers to some frequently asked questions about MED-Project, [click here](#).

### Residents

If you are a resident of Alameda County and have questions about MED-Project, please contact:

1 (844) MED-PROJ and 1 (844) 633-7765

### Collection Sites

If you are a current kiosk drop-box site, or are interested in hosting a drop-box, contact:

Dr. Victoria Travis, PharmD, MS, MBA  
National Program Director  
MED-Project LLC  
Phone: 1 (844) 677-6532  
Fax: 1 (510) 686-8837  
Email: [alamedacounty@med-project.org](mailto:alamedacounty@med-project.org)

### Drug Producers

If you are a drug producer interested in participating in a MED-Project stewardship plan, contact:

Phone: 1 (202) 495-3131  
Email: [compliance@med-project.org](mailto:compliance@med-project.org)

### Sharps Producers

If you are a sharps producer or a producer of medications usually injected outside a healthcare setting sold in the County and are interested in participating in a MED-Project stewardship plan, contact:

Phone: 1 (202) 495-3131  
Email: [compliance@med-project.org](mailto:compliance@med-project.org)

This material has been provided for the purpose of compliance with legislation and does not necessarily reflect the view of MED-Project or the Producers participating in the MED-Project Product Stewardship Plan.

**Figure 9: MED-Project Contact Page for Alameda County**

MED-Project utilizes qualitative feedback as well as statistics from the website and call center to monitor and evaluate outreach and Program activities.

For more information regarding outreach activities in 2018, please see Appendix C.

## **6. SAFETY AND SECURITY REPORT**

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.6.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports C.vi.*

No safety or security problems were identified during the collection, transportation, or disposal of Unwanted Medicine in 2018.

## **7. PARTICIPATING PRODUCERS**

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.1.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports D.i.*

Information on producers that participate in the MED-Project program is provided to the Alameda County DEH according to the requirements specified in the Ordinance, and is located in Appendix B.

## **8. COLLECTION POINTS**

### **8.1. Collection Point Information**

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.2.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports D.ii*

For information on kiosk drop-off sites and collected Unwanted Medicine by weight in 2018, please see Section 2.3 and Appendix E. Collection services at kiosk drop-off sites began after kiosk installation and activation, and the frequency of collection services is specified based on the needs at each kiosk drop-off site. The number of times each kiosk drop-off site was serviced for collection and the total pounds collected and disposed of from each kiosk drop-off site in 2018 is included in Appendix E.

## **9. MAIL-BACK PROGRAMS**

### **9.1. Mail-Back Services**

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.2.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports D.iii*

MED-Project has not implemented mail-back services in Alameda County.

## 10. DISPOSAL FACILITY

### 10.1. Disposal Facility Information

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.4.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports D.iv.a.*

The disposal facilities<sup>6</sup> MED-Project used in 2018 were:

**Name: Veolia – Port Arthur**

Phone: (409) 736-2821

Veolia business address:

3.5 miles W Taylor’s Bayou

Port Arthur, TX 77640

Veolia-Port Arthur disposal facility:

Veolia-Port Arthur

7665 Texas Highway 73

Beaumont, TX 77705

**Name: Heritage Thermal Services Inc.**

Phone: (800) 545-7655

Heritage Thermal Services headquarters address:

Heritage Environmental

7901 W Morris St.

Indianapolis, IN 46231

Heritage Thermal Services disposal facility:

Heritage Thermal Services

1250 Saint George Street

East Liverpool, OH 43920

**Name: Stericycle, Inc., Warren, Ohio Facility**

Phone: (330) 393-0370

Stericycle Specialty Waste Solutions, Inc. address:

2850 100<sup>th</sup> Court N.E.

Blaine, MN 55449

Stericycle, Inc. Warren, Ohio disposal facility:

Stericycle, Inc.

1901 Pine Avenue, S.E.

Warren, OH 44483

---

<sup>6</sup> Notice of change in disposal facility sent to Alameda County DEH on November 26, 2018.

## 10.2.Product Disposal Information

*Alameda Health & Safety Code, Chapter 6.53.080 – Report. A.4.*

*Alameda County Safe Drug Disposal Regulations, Section 15 – Annual Reports D.iv.b.*

The total weight of collected products in 2018 and incinerated at the Stericycle, Inc. Warren, Ohio disposal facility totaled 623 pounds.

The total weight of collected products incinerated in 2018 at the Veolia-Port Arthur disposal facility totaled 2,065 pounds.

The total weight of collected products in 2018 and incinerated at the Heritage Thermal Services, Inc. disposal facility totaled 32,402.5 pounds.

See Appendix E for more information regarding kiosk servicing and pounds collected in 2018.

## APPENDIX D

### **Event: Notice of Change in Disposal Facility for Unwanted Medicine Boxes and Liners**

Date: November 7 and 12, 2018

Description:

MED-Project notified the Department that kiosk boxes and inner liners containing unwanted medicine (“Unwanted Medicine Liners”) managed as part of the Plan would need to be destroyed at a back-up destruction facility because of cancelled appointments at the primary facility, Heritage Thermal Services, located at 1250 Saint George Street in East Liverpool, Ohio. Unwanted Medicine Liners were destroyed at the Veolia -Port Arthur permitted hazardous waste facility located at 7665 Texas Highway 73, Beaumont, Texas 77705 (“Veolia - Port Arthur Facility”) on November 7, 2018, and also at the Stericycle United States Drug Enforcement Administration (“DEA”) registered collector medical waste incinerator located at 1901 Pine Ave SE, Warren, Ohio 44483 (“Stericycle, Inc. Warren Ohio Facility”) on November 12, 2018, because of scheduling and logistical issues at the Veolia - Port Arthur Facility.

- 58 Unwanted Medicine Liners were destroyed at the Veolia - Port Arthur Facility; and
- 29 Unwanted Medicine Liners were destroyed at the Stericycle, Inc. Warren Ohio Facility

Vendor reported that the action to send Unwanted Medicine Liners to the Veolia - Port Arthur Facility and the Stericycle, Inc. Warren Ohio Facility was due to destruction appointment cancellations at Heritage Thermal Services—Liverpool in October 2018. In some cases, these cancellations delayed the destruction of Unwanted Medicine Liners beyond what MED-Project policies require. Vendor reported that Heritage Thermal Services-Liverpool could not provide a confirmed destruction appointment before November 16, 2018, making it necessary to send Unwanted Medicine Liners to the Veolia - Port Arthur Facility and the Stericycle, Inc. Warren Ohio Facility for destruction as soon as possible.

Corrective Action:

Upon being notified of these issues by Vendor, MED-Project immediately; (1) confirmed with Vendor that Unwanted Medicine Liners remained securely stored; (2) requested the complete inventory of impacted Unwanted Medicine Liners and retention dates; and (3) approved Vendor proposed plans to destroy Unwanted Medicine Liners as soon as practicable at either the Veolia-Port Arthur Facility, or at the Stericycle, Inc. Warren Ohio Facility, if the Veolia - Port Arthur Facility was unavailable.

Stericycle notified MED-Project that capacity limits was a contributing factor to the destruction appointment cancellation and that the Heritage Thermal Services-Liverpool facility had reached capacity for taking Unwanted Medicine Liners. MED-Project requested Department approval for additional disposal facilities in the revised Product Stewardship Plan for Unwanted Medicine from Households submitted on February 15, 2019.

**Event: Notice of Change in Disposal Facility for Unwanted Medicine Boxes and Liners**

Date: December 11, 2018

Description:

MED-Project was notified on November 30, 2018 that a Heritage Thermal Services December destruction appointment was cancelled. As a result of the cancellation, Unwanted Medicine Liners managed as part of the Plan needed to be destroyed at a back-up destruction facility. Unwanted Medicine Liners were destroyed at the Veolia - Port Arthur Facility on December 11, 2018.

- 31 Unwanted Medicine Liners were destroyed at Veolia-Port Arthur Facility on December 11, 2018.

Vendor reported that the action to send Unwanted Medicine Liners to the Veolia-Port Arthur Facility was due to destruction appointment cancellations at Heritage Thermal Services in December 2018.

Corrective Action:

Upon being notified of these issues by Vendor, MED-Project immediately: (1) confirmed with Vendor that Unwanted Medicine Liners remained securely stored; (2) requested the complete inventory of impacted Unwanted Medicine Liners and retention dates; and (3) approved Vendor proposed plans to destroy Unwanted Medicine Liners as soon as practicable at either the Veolia - Port Arthur Facility, or at the Stericycle, Inc. Warren Ohio Facility, if the Veolia - Port Arthur Facility was unavailable.

Stericycle notified MED-Project that capacity limits is a contributing factor to the destruction appointment cancellation and that the Heritage Thermal Services facility has reached capacity for taking Unwanted Medicine Liners. MED-Project requested Department approval for additional disposal facilities in the revised Product Stewardship Plan for Unwanted Medicine from Households submitted on February 15, 2019.

**Event: New Model Kiosk Installations**

Date: September 2018

Description:

The Department inspected a new kiosk prototype design at an in-person meeting on July 26, 2018 and, subsequently, these kiosks were ordered and installed at eight kiosk drop-off sites in September 2018. The new kiosks have several improvements, including removal of indicator lights. Removing the indicator lights alleviates the burden on kiosk drop-off sites to charge indicator light batteries and, based on MED-Project and vendor experience managing collection frequencies, does not affect Collection Site convenience.

Corrective Action:

MED-Project reviewed change procedures with staff and submitted a written change request for the new kiosk prototype design on January 17, 2019 (revised and submitted on February 23, 2019).

**Event: Unwanted Medicine Kiosk Service Procedure**

Date: August 14, 2018

Description:

Overfilled Unwanted Medicine inner liner was serviced by transferring the overflow contents to a second Unwanted Medicine box and inner liner. The original Unwanted Medicine inner liner was sealed and packaged for transport. The second partially filled Unwanted Medicine box and inner liner were placed back into the Unwanted Medicine kiosk.

Corrective Action:

MED-Project notified vendor of the discrepancy and directed vendor to take corrective action. MED-Project monitored performance with no recurrence reported in 2018.

## APPENDIX E

The number of times each kiosk drop-off site was serviced for pick-up and the total pounds collected and disposed of from take-back events and kiosk drop-off sites in Alameda County during 2018 is provided below. Because the disposal of Unwanted Medicine occurs several days after pick-up at a kiosk drop-off site, disposal of some Unwanted Medicine collected in late 2018 did not occur until early 2019 and is not reflected in the disposal figures below. Unwanted Medicine collected at kiosk drop-off sites in 2018 was incinerated at Heritage Thermal Services – Ohio, Veolia – Port Arthur, and Stericycle, Inc., Warren, Ohio disposal facilities.

All Unwanted Medicine collected at Take-Back Events was incinerated at Heritage Thermal Services – Ohio.
