I. Executive Summary

MED-Project LLC (“MED-Project”) operates a Product Stewardship Plan for Sharps from Households (“Plan”) in the County of Alameda (“Jurisdiction”) under the Alameda County Safe Consumer-Generated Sharps Disposal Ordinance No. 2015-53, Alameda Municipal Code Chapters 6.54.010 – 6.54.180 (“Ordinance”). On March 26, 2018, the Jurisdiction approved MED-Project’s Plan, dated January 31, 2018, and amended March 26, 2018 (“Approved Plan”). This 2021 Alameda County Sharps Annual Report (“Report”) describes MED-Project’s activities between January 1, 2021, and December 31, 2021 (“Reporting Period”). All capitalized terminology not defined in this summary is derived from the Approved Plan.

A. Notifications in the Reporting Period

MED-Project submitted change requests and notices during the Reporting Period (notices providing status updates related to the effects of the COVID-19 pandemic are discussed in the COVID-19 Pandemic-Related Notifications section below). The change requests and notices included:

- An update for December 2020, submitted to the Jurisdiction on January 13, 2021. The updates consisted of COVID notices, outreach activities, and upcoming activities. MED-Project also provided updates as follows:

Reporting Period	Submittal Date
January 2021	February 10, 2021
February 2021	March 10, 2021
March 2021	April 14, 2021
April 2021	May 12, 2021
May 2021	June 9, 2021

- A change to the monthly producer list update schedule, submitted to the Jurisdiction on February 12, 2021.
- A non-material change to the Approved Plan, sent to the Jurisdiction on December 10, 2021, detailing a change in address for a Vendor.

B. COVID-19 Pandemic-Related Notifications

- On May 19, 2021, MED-Project submitted a sixth COVID-19 pandemic response notification, which indicated that eight Sharps Kiosk Drop-Off Sites remained restricted.

- On September 1, 2021, MED-Project submitted a seventh COVID-19 pandemic response notification, which indicated that six Sharps Kiosk Drop-Off Sites remained restricted.

For details on COVID-19 pandemic-restricted site access statuses during the Reporting Period, see Appendix M, Table 12: Reporting Period Access Restrictions.

An animated and audio Public Service Announcement (“PSA”) encouraging safe disposal of Unwanted Medicine and use of Mail-Back Services in response to the COVID-19 pandemic was used during the Reporting Period. MED-Project conducted media campaigns during the Reporting Period in the Jurisdiction, which included information about and promoted the use of Mail-Back Services in response to the continuing COVID-19 pandemic. The campaigns included print, and digital platform spot ads, and social media posts on Facebook and Twitter.

C. Reporting Period Operations Overview

During the Reporting Period, priority was given to establishing Sharps Kiosk Drop-Off Sites throughout the Jurisdiction, and performing outreach to eligible pharmacies, hospitals, and clinics with on-site pharmacies, and Law Enforcement Agencies (“LEAs”) throughout Alameda County. As a result of these efforts, MED-Project’s Program collected and disposed of Sharps from 45 Sharps Kiosk Drop-Off Sites, six Take-Back Events, Mail-Back Services, and four Household Hazardous Waste Facilities during the Reporting Period. MED-Project installed 10 new kiosks in the Reporting Period.

Kiosks were installed in pharmacies that meet all local, state, and federal requirements and that executed agreements with MED-Project. In addition, outreach and educational materials, including signage and/or brochures, were distributed to existing Kiosk Drop-Off Sites.

MED-Project provided disposal instructions for Kiosk Drop-Off Sites and Mail-Back Services to Residents and continues to communicate with Kiosk Drop-Off Site Hosts to distribute outreach materials upon request, review procedures as needed, and improve overall Program design.

As outlined in the Approved Plan, the ultimate goal of the Program is to provide Residents with convenient, safe, and accessible methods to dispose of Sharps. MED-Project anticipates a steady increase in the number of Kiosk Drop-Off Sites in 2022 as a result of ongoing outreach and Program activities, especially if there is increased retail chain pharmacy participation in the Program.

The following Sections of the Report address the specific reporting requirements in Ordinance Section 6.54.120. Each section of the Report restates the corresponding

Ordinance requirement and provides the required information. Numbers in the Report have been rounded to the nearest tenth place.

MED-Project is also providing an Errata List for the 2020 Annual Report submitted on March 1, 2021; See Appendix N: Errata List for the 2020 Annual Report.

A. Summary of Product Stewardship Plan’s Goals

During the Reporting Period, Sharps kiosk implementation and collection continued and resulted in 50 active Sharps Kiosk Drop-Off Sites. MED-Project’s long-term goal is to have 55 Sharps Kiosk Drop-Off Sites within three years and it continues to make progress towards this goal. Refer to Sections III and VI of this Report for specific collection information. Figure 1 shows a graphical representation of how MED-Project strove to meet service convenience and collection goals during the Reporting Period.

MED-Project continued collector outreach by sending letters to potential Sharps Kiosk Drop-Off Sites on September 2, 2021. MED-Project made phone calls and sent emails to eligible sites that did not respond to the letter. Eligible non-participating sites were contacted monthly until either a site began participating in the Program or the site indicated it no longer wanted to be considered for participation.

MED-Project maintained a toll-free number for a call center and the MED-Project website to provide information to Residents, as well as provided information through social media postings.

VIII. Expenditures

Ordinance Sec. 6.54.120.A.11: “The total expenditures of the Product Stewardship Plan during the reporting period.”

DISPOSAL OF HOUSEHOLD SHARPS

1 CHECK THE PACKAGE

If there are specific instructions on the label, package or package insert, please follow those instructions.

3 MAIL-BACK

Mail-Back Services are available in your area. To order a Mail-Back package, visit the Mail-Back section of www.med-project.org.

4 TAKE-BACK EVENTS

Local take-back events offer residents a free and convenient way to dispose of sharps. For information on events in your area, visit the Take-Back Events section of www.med-project.org.

DISPOSAL OF HOUSEHOLD SHARPS

Sharps can be dangerous to people and pets if not disposed of safely. Sharps can cause injuries and/or spread infections that cause serious health conditions. These infections may include:

Hepatitis B (HBV), Hepatitis C (HCV), and Human Immunodeficiency Virus (HIV).

Safe sharps disposal is important whether you are at home, at work, at school, traveling, or in other public places such as hotels, parks, and restaurants. Pet owners who use needles to give medicine to their pets should follow the same sharps disposal guidelines used for humans.

SHARPS DISPOSAL CONTAINERS

All sharps disposal containers should be made of heavy-duty plastic; able to close with a tight-fitting, puncture resistant lid without sharps being able to come out; upright and stable during use; leak-resistant; and properly labeled as "sharps waste" or with the biohazard symbol and the word "BIOHAZARD" to warn of hazardous materials inside the container.

Place all sharps in a sharps disposal container immediately after they have been used. This will reduce the risk of needle sticks, cuts, and punctures from sharps. Sharps disposal containers should be kept out of reach of children and pets.

DO NOT REUSE SHARPS DISPOSAL CONTAINERS

ELIMINACIÓN DOMICILIARIA DE OBJETOS PUNZANTES

1 REVISAR EL ENVASE

Si hay instrucciones específicas para la eliminación en la etiqueta, el paquete o el prospecto, siga esas instrucciones.

Nunca coloque objetos punzantes en la basura ni el reciclaje y nunca los tire en el inodoro. La eliminación de objetos punzantes en la basura o el reciclaje puede poner en riesgo a los trabajadores de basura y alcantarillado, empleados de limpieza, empleados domésticos, miembros del hogar y niños.

4 PROGRAMAS DE RECICLAJE

Los programas de reciclaje locales ofrecen a los residentes una manera gratuita y conveniente de eliminar los objetos punzantes. Para obtener información sobre los programas en su área, visite la sección de Programas de reciclaje en www.med-project.org

ELIMINACIÓN DOMICILIARIA DE OBJETOS PUNZANTES

Los objetos punzantes pueden ser peligrosos para las personas y los animales domésticos si no se eliminan de forma segura. Los objetos punzantes puede provocar lesiones o diseminar infecciones que causan serias afecciones de salud. Entre estas infecciones se pueden encontrar las siguientes: la Hepatitis B (VHB), la Hepatitis C (VHC) y el Virus de la Inmunodeficiencia Humana (VIH).

La eliminación segura de los objetos punzantes es importante ya sea que se encuentre en su casa, en el trabajo, en la escuela, viajando o en otros espacios públicos como por ejemplo, hoteles, parques y restaurantes. Los dueños de animales domésticos que utilizan agujas para administrarles medicación deben seguir los mismos lineamientos para la eliminación de objetos punzantes que los utilizados para los seres humanos.

CONTENEDORES PARA ELIMINACIÓN DE OBJETOS PUNZANTES

Todos los contenedores para la eliminación de objetos punzantes deben estar fabricados en material plástico de alta resistencia; poder cerrarse con una tapa hermética resistente a las pinchaduras sin que los objetos punzantes puedan salir; mantener un posición vertical estable durante el uso; ser a prueba de derrame; y estar adecuadamente rotulados como "desecho de objetos punzantes" o con el símbolo de peligro biológico y la palabra "PELIGRO BIOLÓGICO" para advertir que contienen materiales peligrosos.

Coloque todos los objetos punzantes en un contenedor para eliminación de los mismos inmediatamente después de que se hayan utilizado. Esto reducirá el riesgo de pinchaduras con agujas, cortes y pinchazos con objetos punzantes. Los contenedores para eliminación de objetos punzantes deben mantenerse fuera del alcance de los niños y de los animales domésticos.
